- Students should register at the courses' e-address given above and by sending an e-mail to the teacher.
- Students should register to either ***Métodos de Investigação em Engenharia*** or ***Research Methods in Engineering***

***Métodos de Investigação em Engenharia*** and ***Research Methods in Engineering*** address the same subject, have similar learning outcomes and demand similar effort; one is taught in Portuguese and the other in English;

Foreign students from non-Portuguese speaking countries have preference on choosing the English taught course - ***Research Methods in Engineering***;

***Innovation*** course is only available in English language.
